Education & Outreach: SEB Course in Writing Research Papers

Contributed by aneely on Oct 18, 2022 - 06:42 PM

SEB Course in Writing Research Papers

The Society for Economic Botany is offering a course in writing research papers to members who are students or recent graduates. We hope this course will improve your writing skills and allow you to meet your peers in SEB – establishing part of your life-time ethnobotany peer network. The course will meet online using Zoom. Each class period will be one hour long.
